FAQ

How do I sign up for classes?

Starter class cycle begins at the start of every month (No classes in May and Oct). Check at the counter or online for dates of the next cycle and sign up before the start date! We don't allow for mid-cycle signups as it disrupts the class.

What do the fees include?

Fees include child day entry to the facility, rental of climbing equipment and guidance from instructors for the class duration. If you wish to continue climbing with your child at Climb Central after the class, you can do so by making a top-up payment for your own entry.

What is your make-up policy?

If you know beforehand that your child is unable to attend multiple sessions in the same cycle, we suggest that your child sign up only for a cycle you can attend in full.

If there are unexpected reasons why your child is unable to attend a scheduled session, please email us at least 3 days in advance for arrangements. Any make ups must be completed within the same cycle.
